

Sports Premium funding:

The government is providing funding to improve the provision of physical education and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – is ring-fenced and can therefore only be spent on provision of PE and sport in schools.

Long Marton School achieved a Gold Sports Kite Mark from the Youth Sports Trust in 2014-5, 2015-6 and 2016-7, including following an external moderation visit. We will be applying for Gold again for the year 2017-8, working towards a Platinum award following five years of attaining a Gold award.

2017-18:

Money allocated:

Between April 2017 and August 2017 we were allocated £6902.00 and between September 2017 and March 2018 we were allocated £9701.00, giving a total ring-fenced funding of £16603.00.

For the school year 2018-9, we will receive £16631 in Sports Premium. We have already received £9701 of this, and £6930 will be received in May 2018.

How money was spent: This money was used to subscribe to the Eden Valley Sports Partnership at a cost of £2888. In return for this money, we gained access to a structured calendar of interschool sporting events (see link to calendar at bottom), plus regular in-school time-tabled coach visits over half-termly blocks in sports we requested and targeted. In 2017-8 these included gymnastics, dance and rugby.

Funding was spent on staffing costs from April 2017 to March 2018 totalling £8413. Transport costs to sporting events totalled £390.00 and sporting trips cost £137. Employing external coaches totalled £3492 to the end of March 2018. The Y6s participated in outdoor activities at Patterdale Hall with the other cluster schools at a cost of £325. The total expenditure is £15645.05 and the balance available to carry forward on 31st March was £958.

Target groups were identified and new sports coaching expertise has been sourced in sports including dance and bouldering. We continued to use Action Ants across the school throughout the year who provide fun sports provision, including whole school mini-Olympics, Jedi light sabre fencing club, archery, fencing and transition sessions for pre-school and Reception children. The whole school took part in ten hours of swimming lessons. This year saw a marked increase in participation in the Rotary swimathon, with 19 pupils taking part. The Y6s participated in outdoor activities such as climbing and ghyll scrambling at Patterdale Hall with the other cluster schools. KS2 visited Eden Rock bouldering wall in Carlisle with two teams following up by entering the county championships qualifying round which was held there. The boys' team subsequently became county champions following the county final. Meg Fynn was employed to provide dance for all classes in the Autumn term, preparing for the Christmas performance and a dance club for older KS2 pupils in Spring 2018.

Impact within school: Children gained access to a regular programme of inter-school competitions and were able to progress to area- and county-level tournaments in sports including bouldering, hockey, football, netball and gymnastics.

Staff members were released to audit current PE provision, including participation by children in extra-curricular sports clubs at school, sporting clubs and activity outside school and participation in inter-school competitions representing the school. Staff were released to complete paperwork relating to entries for competitions, to attend out of school events and to organise sporting events within and between schools including area athletics, rugby, the 10k and children's races netball, football, gymnastics, swimming galas and the school Sports Day.

Maintaining and increasing participation and impact: Information about pupil participation is being recorded and will be calculated at the academic year end. Sports clubs this year have included football, netball, hockey, gymnastics, rugby, dance, fencing, running, cheer-leading and cricket. This year has seen the implementation of a

regular weekly football club for Y1/2s. Following last year's survey, new sports have been introduced and less active children have been targeted to increase their participation. As the number of children in school increase, new strategies are being put in place to maintain current levels, including working with tournament organisers to enter B and C teams, planning kit and equipment availability to ensure all are able to participate and increasing numbers of coaches working in school. We are working towards a Platinum Kite Mark from the Youth Sports Trust.

Sporting clubs attended 2016-7

Year	1 club	1 club %	2 clubs	2 clubs %	3+ clubs	3+ clubs %
Y1/2 - 26 chn	24	92%	18	69%	12	46%
